Environmental Sustainability Research Center:
WINNER Center

ABOUT ICETI 2025

The 5th International Conference on Environmental Technology and Innovations (ICETI 2025) offers a cross-disciplinary forum for scholars, researchers, and industry leaders to collaborate and exchange ideas in the fields of Environmental Science and Technology, Industrial Safety and Environmental Health, Sustainable Development and Natural Resource Conservation, Renewable Energy, Circular Economy, and Climate Change. This two-day event, from November 27 - 28, 2025, will be held in exciting Ho Chi Minh City, Vietnam and will be co-organized by TDTU and Water Innovation, Low-Carbon and Environmental Sustainability Research Center - National Taiwan University, Taiwan; National Cheng Kung University, Taiwan; Graduate Institute of Environmental Engineering - National Central University, Taiwan; Ming Chi University of Technology, Taiwan; INJE University, South Korea; University Malaysia Terengganu, Malaysia; Nagaoka University of Technology, Japan. ICETI 2025 invites prospective authors to submit innovative and unpublished full research papers for consideration. All submissions must be original work and have not been previously published, submitted, or under consideration for publication in any other conferences or journals.

MAIN TOPICS

ICETI 2025 covers a range of topics:

- Environmental Science and Technology;
- Industrial Safety and Environmental Health;
- Sustainable Development and Natural Resource Conservation;
- Renewable Energy, Circular Economy, and Climate Change.

Authors are encouraged to submit papers on these topics, as well as other related areas. Submissions will undergo a rigorous peer-review process by at least two experts and will be published in the Conference Book of Abstracts. Selected papers will be recommended for publication in specific journals, such as IOP Conference Series: Earth and Environmental Science (indexed by Scopus); Water Conservation Science and Engineering (indexed by Scopus and ESCI) or Frontiers in Earth Science (indexed by Scopus and SCIE).
